

Weedmat

Besgrow Coir Weedmat is a natural and attractive solution to your landscaping requirements. Coir Weed Mat is ideal for applications where moisture retention and weed suppression are important.

CONSISTENTLY SUPERIOR COVERAGE

Besgrow Coir Weedmat is produced from the long fibres of the coconut husk bound with biodegradable natural latex to form a dense but light mat.

Coir Weedmat restricts the growth of weeds allowing young plants time to establish. The mat also conserves soil moisture by slowing evaporation.

Besgrow Weedmat is a natural, light brown colour that blends perfectly in a landscape environment. The material can be left exposed or covered with decorative bark or mulch.

ENVIRONMENTALLY FRIENDLY

Besgrow Coir Weedmat is an environmentally friendly product that is completely biodegradable and will eventually break down. Trials indicate that the mat will retain its structure for at least 18 months, however, this will vary depending on environmental conditions. As the mat breaks down it enriches the soil with organic material.

NATURALLY SUSTAINABLE & RENEWABLE

All Besgrow Coir products are produced from sustainable and renewable resources. The well planned cultivation and maintenance of Sri Lanka's coconut plantations ensures future sustainability.

CHARACTERISTICS	USAGE	TECHNICAL	PACKS
<ul style="list-style-type: none"> • Excellent protection of young plants from weeds • Light and easy to handle • Conserves soil moisture for plants • Aesthetically pleasing • Produced from sustainable renewable resources 	<ul style="list-style-type: none"> • Place squares around the base of trees and shrubs • Cover large landscaping areas including motorways, playgrounds and embankments with rolls • Can be covered with decorative bark or mulch • Ideal for residential or commercial use 	<ul style="list-style-type: none"> • 10mm thick • Fully biodegradable • Long Coir fibres are bound together with natural latex • Squares are precut with plant hole in centre 	<ul style="list-style-type: none"> • 1 x 10m rolls • 500mm² squares - in packs of 3
